

Treasure! your hunt has just begun... THE GREAT CNY "TREASURE! HUNT" Official Entry Form

The Museum of Science & Technology and NewsChannel 9 WSYR hope your family will have fun with this community-wide Treasure Hunt, to celebrate "Treasure!," the exciting interactive exhibit for a limited time only at the MOST. You are hunting for information you'll find on landmarks around Syracuse. Track down these locations using either the traditional word clues or the GPS coordinate clues (or both!) Fill in the blanks, including your name and contact information, and drop the entire form off at the MOST by Sunday, December 3rd at 5:00pm. You'll be eligible for our grand prize drawing, to win a \$200 gift certificate to Best Buy!

Participants of all ages are encouraged to go on the Treasure Hunt. Children should be accompanied by an adult. Entrants in the raffle drawing must be 18 years of age or older. All locations in the Treasure Hunt are located in publicly accessible locations. No trespassing is required. Do not break any local laws. Leave no trace. Take only photographs and notes. Winners will be selected by a random drawing. The Museum of Science & Technology, NRG! Exhibits, and WSYR-TV assume no liability for actions taken by participants during the course of the Treasure Hunt. Participate at your own risk. Find complete rules on the Contest page at 9wsyr.com.

NOVEMBER 8

To find CLUE #1, converge on the intersection of the streets named for an electrifying kite flyer and our nation's third president. You will know you have the correct location if you spot a noble steed with the answer to the question below:

GPS Coordinates:

N43° 02.852

W76° 09.323

What color is the Equus Caballus?

CLUE #2: From the Equus, travel 75 feet with the rising sun on your right wing. Face the number in the sky. Look up. Look down. Check out Syracusan Danny Biasone's historic invention.

GPS Coordinates:

N43° 02.864

W76° 09.332

In what year was that invention first used?

To find CLUE #3, you'll need to brush up on your African- American history. Break free to the Syracuse monument where this name is celebrated: William "Jerry" Henry.

GPS Coordinates:

N43° 03.045

W76° 09.202

In what year did William "Jerry" Henry make history? _____

CLUES RELEASED
NOVEMBER 15

To find CLUE #4, locate a monument in Syracuse 100 feet from CLUE #3 that proudly wears a famous speech by our nation's 16th president ending with: "...government of the people, by the people, for the people, shall not perish from the earth."

GPS Coordinates:

N43° 02.067

W76° 09.179

On what date was this monument dedicated?

To find CLUE #5, head away from the setting sun approximately two city blocks and complete this phrase from a popular song: "I've got a mule, her name is Sal, Fifteen miles on the ____."

GPS Coordinates:

N43° 03.025

W76° 08.948

What name can be read through the window along the back of the exhibit while standing in the courtyard?

CLUE #6: Take the color of CLUE #1 and mix it with yellow. Then, see the reflection of "POT NO." Combine these ingredients and head out of downtown to the unique location where two roads meet.

GPS Coordinates:

N43° 02.797

W76° 09.332

What famous quote, in a native tongue, is shown on the memorial park's sign?

CLUES RELEASED
NOVEMBER 22

To find CLUE #7, visit the circle downtown that pays homage to a famous explorer whose last name is synonymous with good bread in Syracuse.

GPS Coordinates:

N43° 02.816

W76° 11.128

According to the engraving, at what island did this famous explorer land?

To get the Loew down on CLUE #8, you will need to go to downtown Syracuse's "Landmark" marquee attraction.

GPS Coordinates:

N43° 02.864

W76° 09.132

What street is this Landmark on?

To close the circuit for CLUE #9, you'll need the first name of a Museum namesake for whom our final destination is named. Hint: Finding the right name is a bit like finding "Paradise Lost."

GPS Coordinates:

N43° 02.852

W76° 09.323

Who is this Museum named after?

Use these answers to fill out the Official Entry Form. GOOD LUCK!
